*Annual percentage yield assumes interest remains on deposit. Withdrawal of interest will reduce earnings. Current rates will be quoted upon request or at the time of opening an account. ** Your certificate will be renewed as a variable rate certificate. During the term of this certificate, you will have the option to step-up the interest rate once during the term of the certificate to the interest rate available for this type of certificate at the time of the request. From the time you exercise your step-up option until maturity, you will earn the interest rate effective at the time this option was exercised. At no time will the original term of this certificate be extended. This option can be exercised once at any time during the term of this certificate. The step-up feature will apply to subsequent renewal periods unless notified in writing by the bank prior to the next maturity date. ***Will auto renew into an 18 month term at initial maturity. Not always available.
